

NiNAS Quality Policy Statement

The Management of NiNAS is committed to:

- i) Providing confidence in the conformity assessment results of the bodies it accredits by providing accreditation services that are credible and impartial.
- ii) Implementing a quality management system and an accreditation process that meet the requirements of ISO/IEC 17011:2017, national regulations and international accreditation cooperation bodies.
- iii) Continually improving and harmonising its accreditation services to meet the needs of customers and other stakeholders.
- iv) Providing the resources required for the realisation of our quality objectives.

At NiNAS, the commitment of management to offer credible and impartial accreditation services to its customers requires everyone to be engaged, to understand their responsibility in achieving our quality objectives.

At NiNAS, everyone is required at all times to uphold our core values namely:

- Competence
- Impartiality
- Confidentiality
- Innovation
- Integrity
- Excellence
- Customer Focus
